ILLUMINATION

Santa Barbara

... reflections are the thoughts
that link us to our past,
and the ideas that guide us to our future ...

Illumination 1979 is dedicated to all
those who have made the memories.
These memories are the reflections
of the way we were, the way we are
and the way we will be. The
Illumination is a reflection of
ourselves.

To Traci,
a very special
and fun friend.
I Hope We can
be friends forever.
Love,
Ya

I stood, one day, close by the sea
 As gentle winds did blow
 And in one spot of glassy green
 Windows I did behold.

Inside the first, I saw a clock
 Unmoved by Father Time
 And in these moments I did think
 Of life in high school's prime

Contemplations

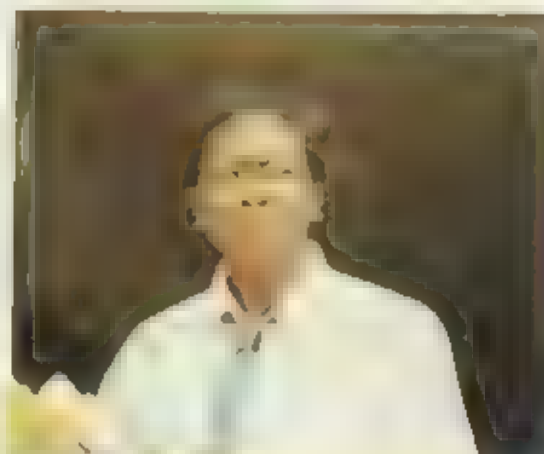

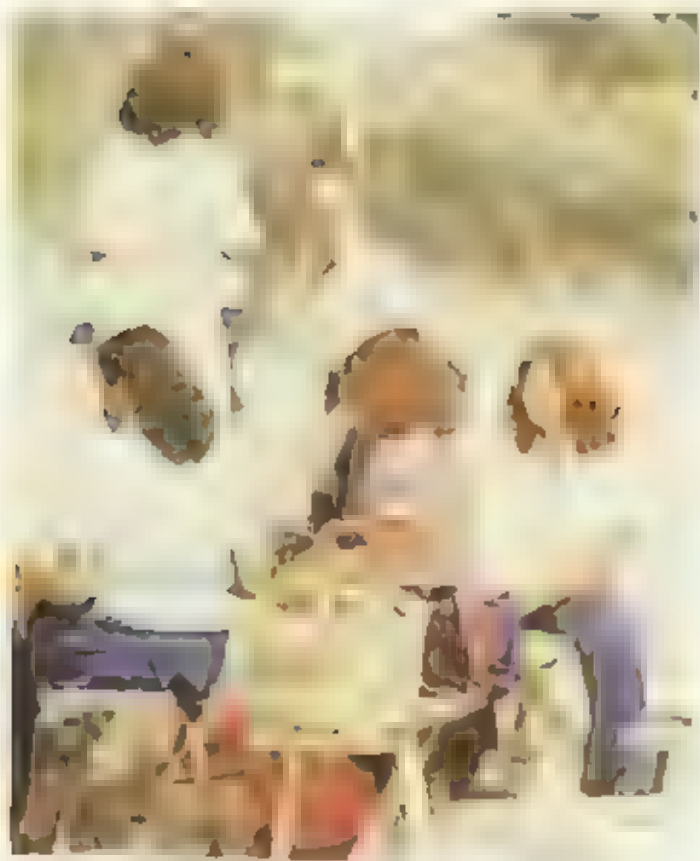

To those who
 spent their lives
 in the service of
 the world.
 May you
 find peace
 in the
 arms of
 the Lord.

Here at S.M.A.,
we contemplate on
things we've accomplished,
things we've shared, and
things we hope to
achieve.

Smiles, Laughter, Jokes
Friends, Memories, Ties
Do we have to say
"Goodbye?"

Recollections

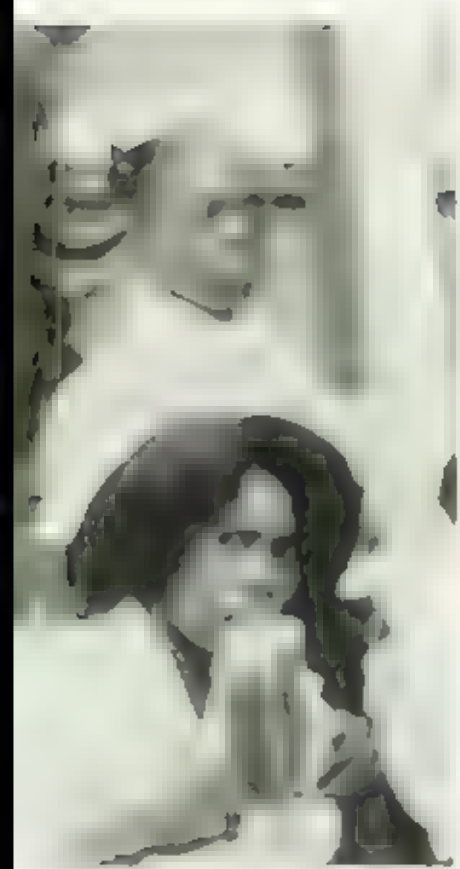

The greatest symbols of them all,
were found in window three,
Flashbacks of friends, good times, events
all in my memories.

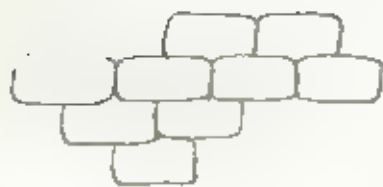

RECOLLECTIONS

In future years there will be many things which we will recollect. People, places and events - they all figure largely in our high school years. Some of these memories will be happy and some sad, nonetheless they will all be memories.

IF I HAD THREE WISHES, THEY WOULD BE . . .

to have a moped,
to have a niece or nephew
to have the power of bilocation
(the ability to be in two places at
one time)

that Notre Dame will win the National Championship in
Football,
that Notre Dame will beat U.S.C. in November,
that all St. Mary's Belles enjoy their high school days

for peace
for joy,
for contentment

to spread peace and joy all over the world,
to be able to help those who need me
to go on a nice trip or tour

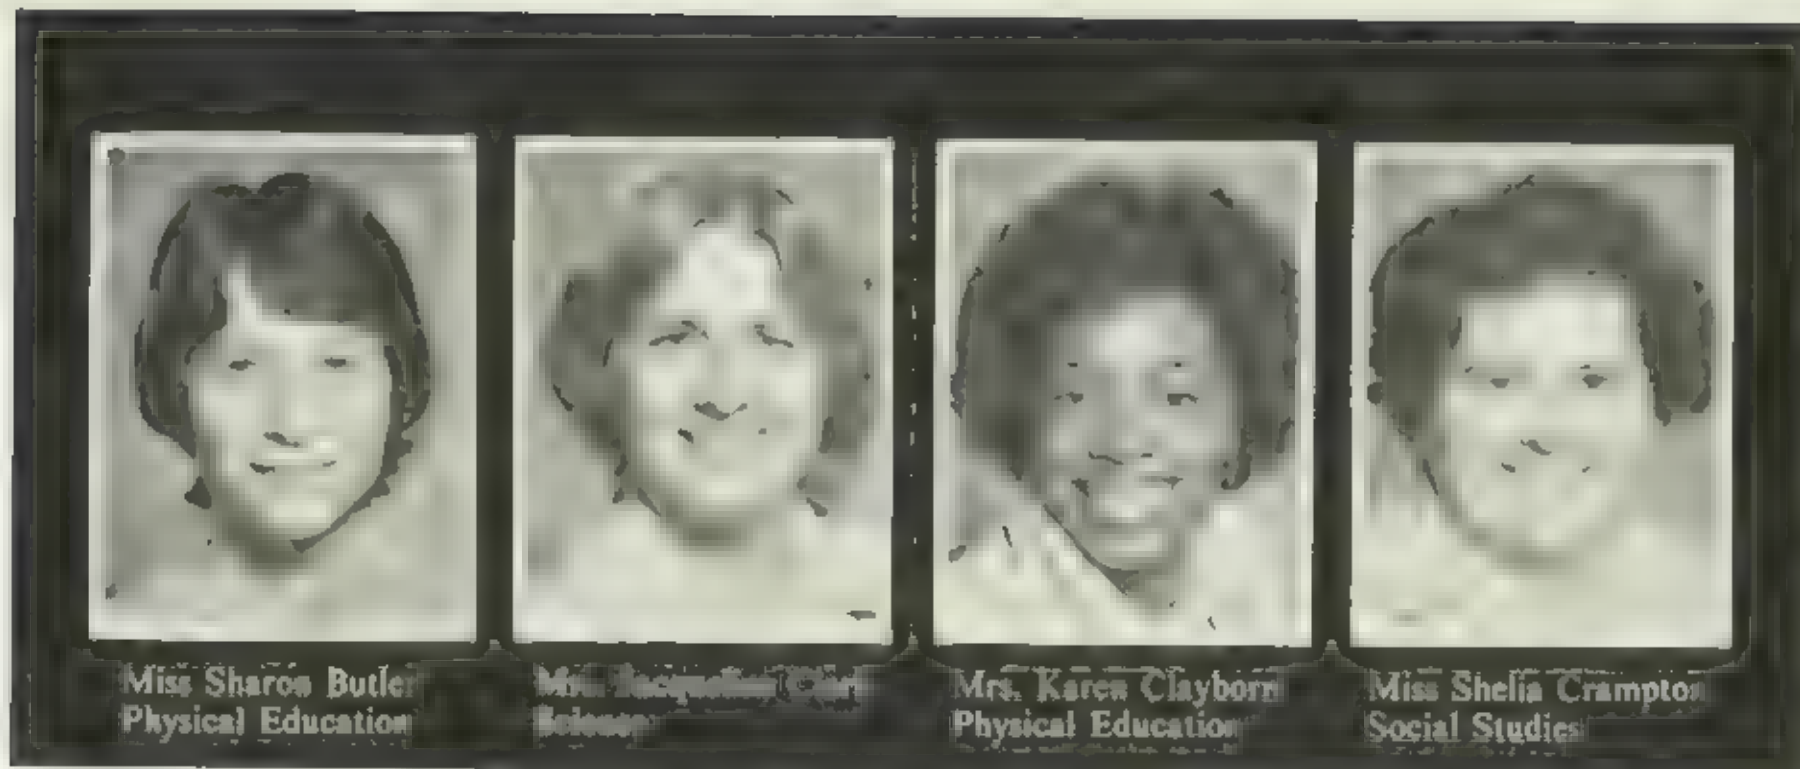

to have students who are
interested in music, ... to have
alert students-the type that listens
and learns, ... to have dedicated
students who put into daily
practice the lessons assigned

to stay well
to win one of the
big money

always entering,
to move to a

to have my sister, Sr. Ann Plunkett,

to sky dive, ... to take a trip across the

along the way

IF I HAD THREE WISHES, THEY WOULD BE . . .

I wish for a Happy and Healthy volleyball team
I hope the Seniors will have a Great 1978-79 School Year and a Bright Future.

overwhelming
success in our

of my future
endeavors

peace in all the world,
that all men may be one
that God may be glorified

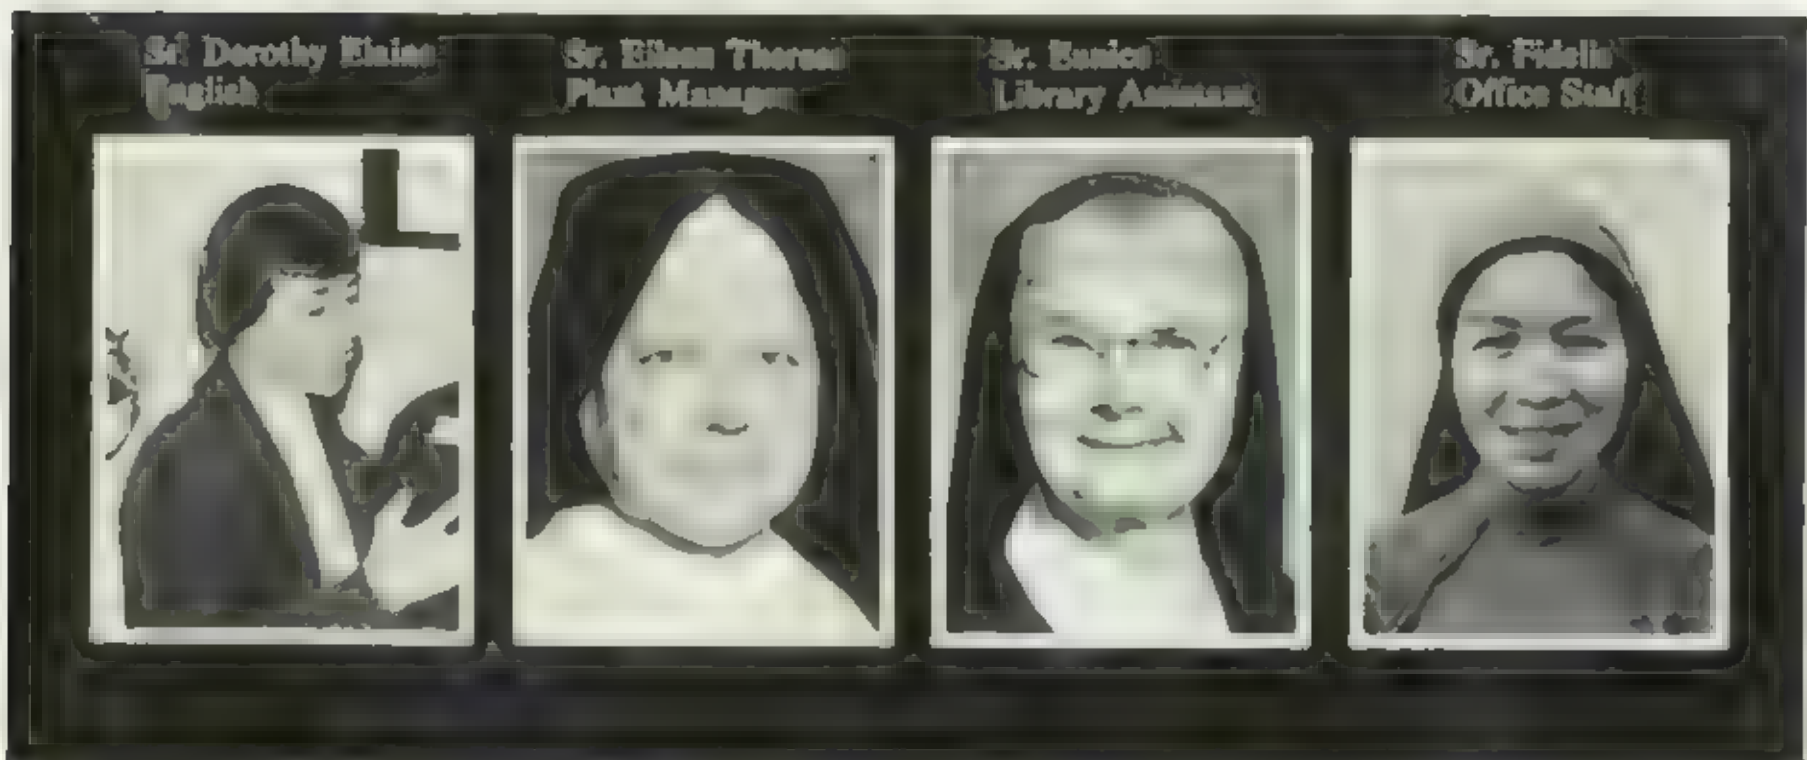

to have springtime all year round,
... to have all Freshmen know their parts of speech,
to always have wonderful T A 's like Betty H. and Kim J
and Troy J and Renee C

to see my country again
to be with my community,
to make my people happy

Peace among all men,
that more young
people would respond
to God's call to the
religious life
Greater Appreciation
and use of God's gifts

IF I HAD THREE WISHES, THEY WOULD BE

wish I had naturally curly hair
wish I had a Mercedes 450-SL
wish I were a professional dancer

for everyone to
have good health,
a loving family
for the time to
enjoy them

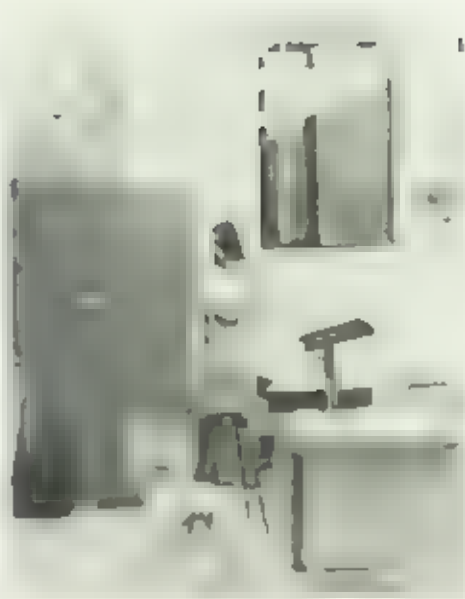

for my mother and sister to come live in L.A.
for more time to read books,
to travel to Europe and Latin America

to get a car
to always be
happy
for world peace
and love

for Notre Dame to be # 1
for *time* to do the reading I'd like to do
to travel around the world

to have health,
happiness
weekends with
no papers to

that my wishes would never end'
that everyone would be *HAPPY*'

THE BEGINNINGS...

Four beginnings, each totally different

Freshman Year: a new beginning, exploring new frontiers

Sophomore Year: finally a part of the community, changing and growing

Junior Year: beginning to lead, upperclassmen at last.

Senior Year: becoming adults, making lifetime decisions

Saying good-bye and saying hello!

THE HARD TIMES . . .

At S.M.A., we take the good
with the bad and
the easy
with the hard

semester exams
waiting in the lunch line
taking lecture notes
when you're half asleep
avoiding the teachers when you
are out of uniform
watching the scoreboard
when we're loosing
figuring out what $2x-y=$

But the hardest thing of all is trying to
figure out what is really hard at S.M.A
becuase after all it's really a nice place
to be.
